To Whom It May Concern:

Hello! It is my great pleasure to highly recommend Kate Quist for a position teaching children. Kate and I have taught together for over fourteen years in Comstock Park Public Schools. She has been an essential part of her grade level team! Her creativity has made her such a gift to us and her students. She is able to take any concept and devise super engaging, on-target activities and assessments. Her creations are shared with all of us so her impact reaches beyond her own classroom. We appreciate her generosity!

Another strength of Kate's is that she is an insightful educator. She seems to know just the right course of action to meet her student's diagnosed areas of need. She has ways of meeting these different academic needs in her classroom with tiered groupings. Her experience as a reading specialist makes her understanding of the process children go through while learning to read a step above the rest. She truly has a wealth of knowledge!

Your district would be extremely lucky to call Kate Quist one of your own teachers. If you have any questions, please contact me on my cell phone at (616)291-2553. Thank you for your time!

Educationally Yours,

Kristen Keifer
